Professional Experience

Applications Security & Field Services Technician

08/2023 – 08/2025

Accenture | Toronto, Ontario

- Monitored and resolved incoming IT and security incidents via service portal, email, and phone, ensuring timely and effective resolution while maintaining excellent customer service.
- Prioritized and managed the service desk queue, maintaining high service quality and response times.
- Troubleshoot and restored end-user systems using remote management tools, resolving hardware, software, and account issues across Windows, Mac, and Linux environments.
- Administered user accounts, performing onboarding, offboarding, and role changes in Active Directory, Office 365, and shared resources.
- Configured and deployed hardware and software, including imaging devices, installing applications, and setting up user profiles to ensure smooth operations.
- Documented incidents, created knowledge base articles, and contributed to IT procedure improvements for internal teams and end-user self-service.
- Assisted in IT policy enforcement, audit readiness, and compliance tasks related to security and operational procedures.

Cloud Engineer

07/2019 – 08/2022

Findworka Solutions Limited | Remote, Lagos

- Provided technical support and monitoring for cloud infrastructure, improving system reliability, uptime, and security for enterprise clients.
- Automated deployment, patching, and monitoring tasks using PowerShell and Python scripts, increasing operational efficiency and reducing manual workload.
- Maintained accurate hardware and software inventory records, ensured updates and patches were applied, and provided user support for ERP and business applications.
- Collaborated with development and IT teams to resolve complex technical issues, implement security best practices, and streamline onboarding/offboarding processes.
- Assisted in continuous improvement initiatives by identifying workflow inefficiencies, proposing process enhancements, and documenting IT procedures.
